

The FeFe Fluffwish Faerie Godmother Services Menu

Magic/magical: surprising, awe-filled, heart blossoming

What are called “magical experiences” are actually breathtakingly expanded and fulfilling direct experiences of essential wholeness and unity.

All costs are based on the number of magical Players needed, time and complexity of the request. Where exact costs are available, they are listed at the end of this menu.

ALL REQUESTS ARE TO BE MADE in alignment with what it looks like through a child’s innocence, because that is the resonance from which this gift is being offered. For some of the requests, a pre-interview and/or recommendation is required to screen for suitability and fun quotient.

The primary intention of all these offerings is to assist you in remembering and directly experiencing yourself as being audaciously joyful. The menu items are deliberately open-ended to leave space to design things uniquely *with you*. All you need to know to start is what you want to share with a special other, others or something special with yourself.

AS A FAERIE GODMOTHER IT IS MY INTENTION TO:

OPEN YOU TO REMEMBERING THE REALM OF MAGIC
